We're gearing up for the best Salmon River Days in a long time, with new events in the works and a refreshed approach to celebrating our community.

## Fundraising Begins Now

As always, community support is essential to making Salmon River Days possible. Fundraising efforts are officially underway, and we appreciate every contribution that helps bring this beloved event to life.

## Sponsorship Information Coming Soon

We'll be sending out Sponsorship Opportunities shortly for businesses and organizations who want to support SRD and gain visibility throughout the celebration.

Our official SRD schedule is currently being designed and printed, so now is the time to send in any events you'd like included. If you have activities happening July 2nd–4th, or events just outside those dates that fit the spirit of Salmon River Days, please let us know so we can add them.

## Major LOT Funding Awarded

We're thrilled to announce that the Chamber has received a significant Local Option Tax (LOT) allocation this year. This funding allows us to expand opportunities for local businesses,

enhance visitor experiences, and invest in projects that strengthen the Salmon Valley economy.

We're excited to put these resources to work for our community.

**Thank you to the City of Salmon for providing this opportunity!**

## **New Visitor Guide Coming Soon**

We're partnering with Snoack Studios to create an all-new Salmon Valley Visitor Guide. This edition will highlight Chamber members, showcase local attractions, and offer advertising opportunities for businesses.

The design will resemble the Southwestern Montana maps you may have seen around town — clean, modern, and highly visitor-friendly.

Advertising details will be available soon.

## **Regional Collaboration & Chamber Leadership Updates**

Our Executive Director has been hard at work — writing grants, planning Salmon River Days budgets, and traveling to Salt Lake City and Stanley to collaborate with other central Idaho communities. These partnerships help bring new visibility and opportunities to the Salmon region.

A special thank-you to Tammy with LCEDA for looping us into these regional initiatives and helping strengthen our collective impact.
